

Volunteers Needed

Pinegrove Place is a 76 bed complex care facility that provides 24 hour care for individuals who are no longer able to remain in their homes due to cognitive and/or physical impairments.

The volunteer department aims to provide quality volunteer services to the residents and programs of Pinegrove Place by recruiting, training, directing, supporting and providing ongoing feedback to the individuals or group from the community who volunteer their services. They will encourage staff, volunteers and the community to work together to enhance the quality of care at Pinegrove Place. Volunteers help contribute to a caring and friendly environment for residents and their families.
