1. Briefly describe why you would like to train to be a Veterinary Technologist

2. The Veterinary Technology (VTEC) program is academically challenging, as well as physically and financially demanding. How has your previous experience in High School, College or University, and/or life experience, prepared you for this two year commitment?

3. Please provide an example of a time when you had to work in a team environment. Discuss any leadership skills that you demonstrated, or challenges that you overcame when working with this team.

4. As a VTEC graduate, what types of job opportunities are available to you and what career path within the profession is of most interest to you?

5. Have you applied (currently or in the past) to any other VT or other veterinary related programs? Please describe.

6. What will you do if you are not accepted into the VTEC program this year?

I declare that all information provided in my application for entry into the VTEC program, including accompanying documents, is complete and true in every respect. I understand that failure to completely and truthfully answer questions, or to provide relevant information, may result in denial of entry to the VTEC program.
