Immigration Status & Enrollment Status

They are not the same, but they are closely related to each other. It is your responsibility to learn and apply the rules to your specific situations.

Enrollment Status as a Douglas College student

Factors to consider:

General guideline

1. Study permit holder must actively pursue studies
2. Enroll in each academic semester (except scheduled breaks)
3. Definition of “full-time” is set by each institution
4. Must be enrolled full-time to work on/off campus in Canada
5. Successful completion of the program in the assigned program duration

1. Study permit holder must actively pursue of studies
2. Enroll in each academic semester (except scheduled breaks)

Your study permit conditions

As a study permit holder, there are a number of conditions you need to meet. If you don't meet these conditions, you may lose your student status and study permit. You may also have to leave Canada.

As a study permit holder, you must:

- be enrolled at a [designated learning institution](#) (DLI)
- show you're actively pursuing your studies by:
 - being enrolled full-time or part-time during each academic semester (excluding regularly scheduled breaks)
 - making progress towards completing your program's courses, **and**
 - not taking [authorized leaves longer than 150 days](#) from your study program
- tell us any time you [change post-secondary schools](#)
- end your studies if you no longer meet the requirements of being a student, **and**
- leave Canada when your permit expires

3. Definition of Full-time is set by each institution

→ **Douglas College has its own definition**

- Full-time enrollment means **registering AND completing a minimum of 9 credits per academic semester**
 - If you started a semester with 9 or more credits but...
 - end up reducing your course load to less than 9 credits by dropping or withdrawal course(s), or
 - receiving certain final grades,
- You will NOT have a full-time status. You become a part-time student

Full definition on our Enrollment page: <https://www.douglascollege.ca/international-students/current-international-students/enrollment-status>

Part-time course load – How would it affect you?

- If you end up being enrolled in less than 9 credits, you will be considered as a part-time student for that semester.
- Your academic activities and standing will be reflected on your records and transcripts and cannot be fixed!
- Students must have full-time status in order to work on or off campus.
- Your Post-Graduation Work Permit might get affected.

Your enrollment status determines your working eligibility

- Work On/Off-Campus
- Work after graduation
- Gap in studies
- Scheduled Breaks

4. Must be enrolled full-time to work on/off campus

- Full time enrollment is usually required to work.
- Part-time students are not permitted to work [on-campus](#) or [off-campus](#).
- There are some exceptions to this rule.

→ For more info, please join the **Working eligibility workshop**

Work after graduation

- In order to be eligible to work after graduation, you must maintain a **full-time status** in every semester and meet all other [post-graduation work permit](#) eligibility requirements.
- If you are not sure of the definition of full-time, you can make yourself ineligible for a PGWP without knowing.

→ For more info, please join the PGWP Basics workshop

Authorized /Unauthorized leave

- Douglas College DOES NOT have an authorized leave system. This means if you take a break from your studies during your academic semester, you will be on an unauthorized leave.
- While you are away from studies, you do not meet the requirements to work.
- The gap can affect your PGWP eligibility too.

IRCC website: <https://www.canada.ca/en/immigration-refugees-citizenship/corporate/publications-manuals/operational-bulletins-manuals/temporary-residents/study-permits/assessing-conditions.html#campus>

If you are not studying...

- Any time away from program of studies should not exceed 150 days from the date.
- If the student does not resume studies within 150 days they should either change their status to visitor or leave Canada.

A student on leave who begins or resumes their studies **within 150 days from the date the leave commenced** (that is, the date the leave was granted by the institution) is considered to be actively pursuing studies during their leave. If a student does not resume their studies **within 150 days**, they should do either of the following:

- change their status (that is, change to visitor status or worker status)
- leave Canada

If they do not change their status or leave Canada, they are considered non-compliant with their study permit conditions.

Scheduled Breaks – Important!!

- Each institution can define “scheduled break”.
- Regularly scheduled break, must be part of the educational institution’s academic calendar (for instance, **winter and summer holidays, Reading Week**).
- At Douglas College, “scheduled breaks” are defined as:
 - **Summer semesters**, unless Summer is your first or last semester.
 - The **time between semesters** from the day **AFTER the exam period** until the first day of class of the next semester. Students are required to enroll in the semesters before and after the scheduled break.

For the full definition, go to our Enrollment page: <https://www.douglascollege.ca/international-students/current-international-students/enrollment-status>

Scheduled Breaks – Important!!

- **Your program must also be eligible for a summer break!**
- PDD and Certificate programs are NOT eligible for summer break.
- If you are in PDD/Certificate, you are expected studying in Summer.
- If you are unsure, check your program requirements and the chart provided on the website at this link:
<https://www.douglascollege.ca/international-students/current-international-students/working-international-student>

- Your first or last semester is not a scheduled break.
- If you are starting your program in the Summer 2021, the possible Summer break for you is Summer 2022.
- To work full-time during scheduled break, you must be a full-time student **both before and after the break.**
- If you are taking a Summer off, make sure to plan your courses ahead. Some courses are not offered every semester → Join course planning workshop

2 PDD back-to-back

- All PDD and Certificate programs do not have a scheduled break during Summer.
- However, if you are completing 2 PDDs, you may have a break in-between 2 programs.
 - Planning for 2nd PDD and Applying for the 2nd PDD on time is important.
 - If the timing does not work out, you are not eligible for a break.
 - Plan your courses ahead. Check which PDD you want to pursue later
 - It is a good idea NOT to mix courses for 2PDDs – finish 1st PDD then move onto 2nd PDD so your record is clear
 - **Join PBD/PDD course planning workshop on June 7**

- **Your grades can affect your enrollment status.**
- If a student receives a **W, UN, UNW, FD, or AUD**, the course will NOT count towards the full-time course load.
- You may think you were full-time, but these final grades will reduce the number of your credits.
