Academic Advisors

A large, light green thought bubble with a black outline, containing text. It has two smaller circles at the bottom left, suggesting it is a thought bubble. The text inside reads "What we do" and "What we can help with".

What we do
What we can help with

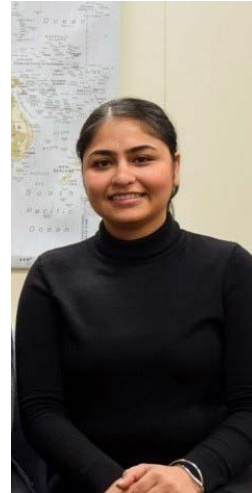

- Program and course planning
- Program changes and admission requirements
- Transfer credits and transfer options to other B.C. institutions*
- Graduation eligibility
- Prerequisites and upgrading options
- Academic resources and tools

**Due to the complex nature of university transfer, you are strongly encouraged to confirm course selections with the receiving institution. Douglas College Advisors cannot be held responsible for confirmation of course transferability to receiving institutions.*

Introduction

Qs:

- 1) What you enjoy most about being an academic advisor
- 2) One tip you'd like to impart on to students
- 3) Something interesting about you

Monika Sharma

- 1) Helping students to achieve their academic goals and hear about their experience at Douglas College.
- 2) Be proactive and plan your academic goals.
- 3) I love walking and long drive in beautiful British Columbia.

Jing Yao

- 1) I definitely like seeing I cleared students' confusion after I talk to them.
- 2) Learn how to search for information by typing the key words
- 3) Gardening, even want to turn my office into a mini-botanic garden

Shervy Mandap

- 1) The feeling that I helped in one way or another, where it be academically or just lending an ear.
- 2) Don't ONLY listen to your friends and external influences; know what your academic goals are.
- 3) I enjoy travelling and go through withdrawals if unable to go for long periods of time (like now...)

Misconception 1

Question: Do you know the difference between programs and courses?

Misconception 1

Are courses and programs the same thing?

They are **different** from each other.

Misconception 2

You need to meet prerequisite(s) first before you take a course. ✓

Misconception 2

I need to take courses in order 1XXX, 2XXX, 3XXX, 4XXX

Not necessarily

Depending on the program, there might be a set curriculum (you should take this X course this semester, in order to take Y course next semester)

i.e.: Stagecraft and Event Technology Diploma:
<https://www.douglascollege.ca/program/dpstge>

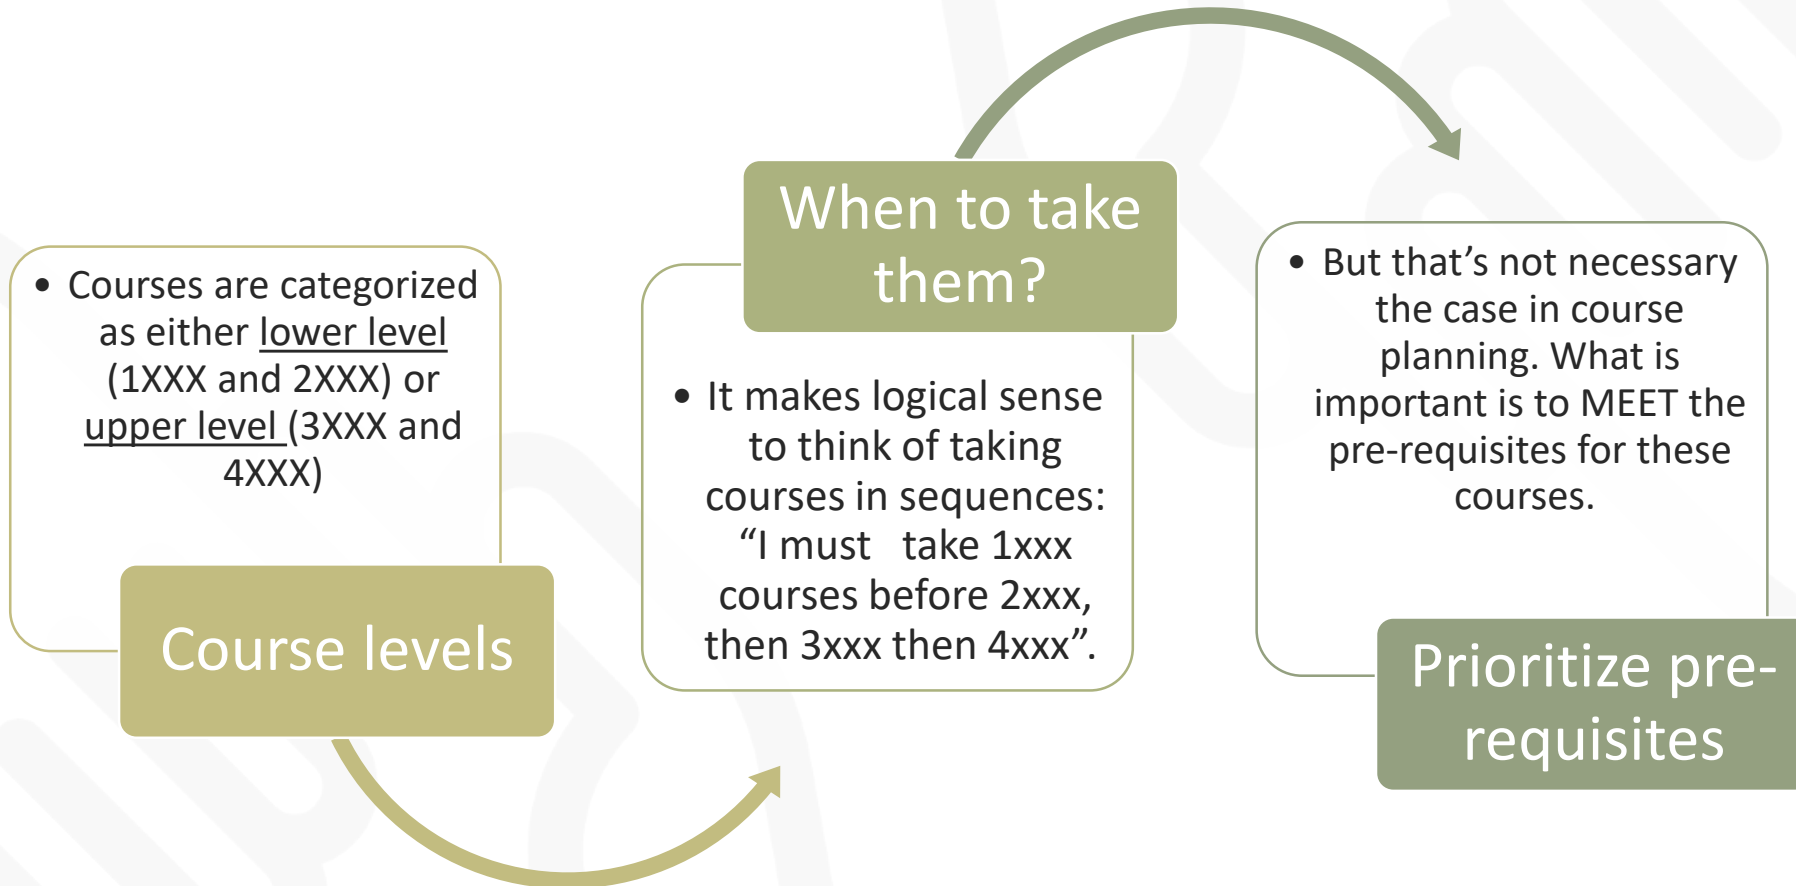

PROGRAM REQUIREMENTS		
Curriculum Framework		
SEMESTER I		
Course	Title	Credits
THEA 1130	History of Theatre I	3
any ENGL, CMNS, CRWR	Elective	3

Misconception 2

How should I pick my courses?

Misconception 3

Where can you find out when YOUR specific registration date and time is?

MyAccount

Misconception 3

The school registered me for my first semester. I don't need to register myself for next semester.

Wrong !

From second semester and onwards, you're in charge of your own registration

- Registration begin for next semester early – check website for [dates and deadlines](#)
- Login on your MyAccount and check **YOUR** allotted registration date and time

Misconception 3

But I'm taking the pre-req now.. What do I do? Can I still register?

Yes !

Misconception 4

Does the overall grade of a course depend on multiple components or mainly on mid-term and final exams in your home country/country where you previously lived?

Weighted Grading System

Misconception 4

I just need to work hard before the mid-term and final.

I just need to work hard on your course from the beginning to the end.

Misconception 4

For Example:

Means of Assessment

Assignments and/or quizzes	15%
Midterm examination	25%
Test(s) OR a second midterm examination	25%
<u>Comprehensive final examination</u>	<u>35%</u>
Total	100%

Note: Always read your course outlines that will be provided by your instructor for each course for different % weightage and other specific instructions.

Misconception 4

You need to work hard on your course from the beginning to the end.

Benefits

Misconception 5

How many credits does each course have?

Misconception 5

All courses are 3 credits?

Credits assigned to each course can depend on various factors and are not always of 3 credits.

Examples

MUSC 1114

1.5

CREDITS

ACCT 1210

3.0

CREDITS

CHEM 1108

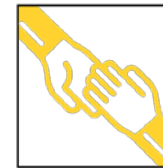

4.0

CREDITS

MATH 1110

4.0

CREDITS

Misconception 5

Why are all courses not 3.0 credits?

Science courses such as [CHEM 1108](#) has 4.0 credits because this course has a Laboratory time and this extra time add more credit to it. For example CHEM 1108 have classes on Mon/Tues 08:30 – 10:30 .
Lab on Thurs 10:00 – 11:00

Whereas courses like [STGE 1112](#) has 1.5 credits due to less time spend on this course. This course run only for 5 weeks and have class once in week on Monday 09:00 – 12:00.

Misconception 6

Should you go travelling AFTER the last day of class?

No, you have to wait until you finish all your final exams (if applicable).

Misconception 6

Mon, Dec 7	Last day of classes.
Wed, Dec 9 – Wed, Dec 16	Examination period.

- Travel after the exam period (check “dates and deadlines” on DC website)
- Check Douglas home page in the second month of each semester for the final exam schedule
- Instructors will usually remind you of the exam time & location in class

Misconception 7

- If you are struggling with my courses, what should you do?

Misconception 7

When you come across challenging courses, you should

- talk to your instructors and may talk to your classmates
- try resources offered by DC:
 - Learning Centre,
 - counselling service (time management, stress management), etc.
- identify root cause:
 - new learning environment,
 - communication barriers,
 - insufficient time allocated for study,
 - failure to follow instructors' requirements, etc.
- always talk to an academic advisor if you are unsure who to ask for help

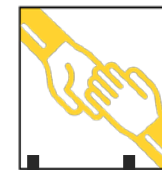

Misconception 7

If you have to change your program for interest, career goal, etc., you should:

- **not** keep changing programs without showing progress towards completion of a credential
- research on your target program before you make your decision
- know requirements to be fulfilled to complete this target program

Some Tips in the End

- Don't "trust" your friends
- Attend webinars/workshops
- Know how to search for information on Douglas website
- Participate in campus clubs or activities such as cultural connections
- Contact International Office whenever you have questions and be familiar with our services
- Take actions earlier than late.
