d) Full time Equivalent (FTE) Reporting to January 31, 2015

Although domestic enrolments were below budget, the College anticipated concluding the fiscal year ahead of government targets. Members inquired about the reasons for the declines and discussed whether a trend was emerging across the sector. Members highlighted the need to closely monitor demand activity, particularly at the universities, as it could have significant implications for the College’s university transfer programs. Members also reinforced the need to consider remedies and retention strategies.
