*Because most transferred courses are three units, a student transferring into SFU may find they have all the specific required courses for a SA program, but do not have the same number of units as they would if they had taken all the courses at SFU.

To accommodate this discrepancy, the SA department allows transferred students to declare and complete SA programs if they have all of the specific course requirements, and are short no more than two units of what they would have if they took all of the courses at SFU. If a student is short more than two units, the student will need to take an additional course.

**NOTE: This worksheet is not an official transfer table, but rather a guide to assist students. All effort has been made to ensure accuracy of the information, HOWEVER, it is the student's responsibility to consult the BC Transfer Guide www.bctransferguide.ca and [University Calendar](#) prior to registering for courses at Douglas College to ensure above information is current and accurate.
