The Board shall work collaboratively in a manner that respects, encourages and supports diverse views. Guidelines for Committees and Liaisons

Introduction

These guidelines also apply on appointments to Board liaison and representative roles.

Duties and Responsibilities

Each committee will review its own terms of reference annually and any changes will be submitted to GC for review and to the Board for approval.

Each committee will make regular reports and/or recommendations to the Board in respect of the subject on which it was created to advise. The Board will take into consideration, but will not be bound by, committee recommendations.

Each committee shall have a committee timetable, as part of its terms of reference, which outlines when the committee plans to address each of its duties and responsibilities during the course of the year.

The Chair of each Board Committee shall:

- a. lead the committee in undertaking the duties and responsibilities that it is charged with by the Board, as outlined in its terms of reference and these Guidelines for Committees of the Board;
- b. ensure that committee members receive all the information they require in timely fashion;
- c. ensure the committee has adequate access to all members of management necessary for it to undertake its responsibilities;
- d. chair Committee meetings;
- e. lead the committee in an annual review of its performance;
- f. report back to the full Board on committee activity and
- g. consult with the Board Chair to ensure the committee is composed of members with the skills, experience and/or necessary training relative to the Committee's responsibilities.

Operations

Committee Chairs and members are appointed by the Board, on the recommendation of the Chair and Vice Chair(s) between July and August of each year, via consent resolution, and shall hold office until June 30th of the following year. A committee member may be removed or replaced at any time by the Board, actionable by the Board Chair.

Douglas College Board Governance Framework

Section C1

The Board Chair will be an ex-officio and non-voting member of all committees on which the Board Chair is not formally a member.

The number of members and composition of each committee is indicated in each committee's terms of reference.

If the Committee Chair is not present at any meeting of a committee and has not made arrangements for a replacement, one of the other members of the committee present at the meeting shall be chosen by the committee to preside at the meeting.

The EA (or designate) shall serve as recording secretary for each committee meeting, and will provide additional committee support as required. Each individual committee shall identify designated management resources as appropriate.

Subject to advanced consultation with the President and approval from the Board Chair, a committee may engage an external advisor that the committee considers necessary in order for it to fulfill its duties. Such engagements shall be at the expense of the College, and will be reasonable under the circumstances.

The chair of each committee, the EA (or designate) and designated management shall determine the agenda for each meeting. Committee members shall receive advance notice of each meeting and related materials in sufficient time for the members to adequately prepare for the meeting. In an urgent situation, the committee chair will give as much notice as is practicable in the circumstances. In all cases, committee members may unanimously waive notice.

Participation of the majority of voting members shall constitute a quorum. A simple majority of committee members present at a meeting is sufficient to pass a resolution of the committee.

A committee member may be accommodated by electronic means. A member participating by electronic means is deemed to be present at the meeting. Any requests for accommodation need to be communicated to the EA or designate in advance of the meeting.

The committee chair shall preside at each committee meeting, and shall ensure the meeting is conducted effectively and efficiently, with timely follow up of issues. The committee chair shall arrange for an alternate in their absence.

An Ad Hoc Committee or Task Force must get an extension approved to go beyond the time limit specified in its terms of reference. Committee Operating Guidelines ([Section C1](#)) apply to Ad Hoc Committees or Task Forces established by the Board or Board Chair.

This structure will be reviewed regularly as the Board considers which, if any, of its responsibilities will best be fulfilled through more detailed review of matters by an Ad Hoc Committee or Task Force.

Each Ad Hoc Committee or Task Force must have terms of reference with the following sections:

- a. Purpose
- b. Composition
- c. Duties and Responsibilities
- d. Accountability
- e. Completion Date

SECTION D1

Board, Board Chair and Committee Evaluation

As part of its dedication to excellence in its governance practices, the Board is committed to Board evaluation, the purpose of which is to provide Directors with an opportunity each year to examine how the Board, the Board Chair and the Board's Committees are performing, and to identify opportunities for improvement.

Process

Each year, the Governance Committee (GC) will recommend to the Board the specific evaluation process to be undertaken. The evaluation process will be appropriate to the stage of development of the Board.

The GC may engage an outside advisor to assist in the design and implementation of the Board evaluation process, subject to the approval of the Board Chair.

Board Evaluation Goals

Assess the overall performance of the Board and measure the contributions made by the Board to the College in keeping with expectations;

Evaluate the mechanisms in place for the Board to operate effectively and make decisions in the best interests of the College; and

Enhance and maintain best corporate governance practices.

Board Chair Evaluation

The objective of the Board Chair evaluation process is to improve the overall performance of the Board by providing feedback to the Board Chair.

Committee Evaluation

The objective of the Committee evaluation process is to improve the functioning of the Committee and thus contribute to improving the overall performance of the Board.

Douglas College Board Governance Framework

Section D1

Feedback—Board Evaluation

The Board Chair and GC shall review results and develop recommendations based on those results of the Board Evaluation in a timely manner following the performance assessment process.

The Board Chair shall report the results to the Board along with any recommendations.

The Board shall discuss the results and recommendations and determine what, if any, actions shall be taken.

The Board shall set objectives for itself for the upcoming year.

Feedback – Board Chair Evaluation

Subsequent to the Board Chair's report to the Board on its self-evaluation the Board will have an in-camera discussion of the results of the Board Chair evaluation. The results of this discussion will be summarized and incorporated with the results of the Chair evaluation.

A Vice Chair, or designate agreed by the Board, will meet with the Board Chair to review and discuss the results of the evaluation process.

SECTION D2

Strategic Planning Process

Introduction

Planning is a critical component of good management and good governance. While the Board has the responsibility for ultimate plan approval, management has the responsibility to develop the plan and work collaboratively with the Board in areas of critical strategic importance.

Roles and Responsibilities

The Board is ultimately responsible for setting the strategic directions of the College and approving the Strategic Plan.

Management, led by the President, is responsible for the development and execution of the strategic plan and annual operating and capital budgets.

The Board's role is to ensure there is an appropriate planning process in place, to review, question, offer advice, validate and ultimately endorse the College's plans, and monitor and hold management accountable for their implementation.

At various stages of development of the strategic plan, the Board is briefed on the status of the planning process and may be asked to review draft elements of the plan.

The President has the responsibility to ensure that all employees are appropriately aware of the strategic plan and understand how the functions they perform fit within the strategic direction of the College. This will typically include a published document that incorporates the College's Core Purpose, Vision Statement, and an overview of the key themes and elements of the strategic plan.

The Planning Framework

The College plans for long-term success and sustainability. The strategic plan covers a five-year time frame. However, the strategic plan is a dynamic document that is reviewed annually by the Board, and updated as required, to address new opportunities and challenges for the College.

The planning cycle for the 5-year Strategic Plan consists of several key contact points between management and the Board and will be organized and scheduled to accommodate the Board's annual calendar.

i. Board Strategic Advance Meeting

Prior to management developing the strategic plan, they meet with the Board to ensure there is alignment with the Board regarding strategic vision and direction. Key elements of this process are a

series of aspirational statements to define the desired future state and an environmental scan identifying management’s current view of the College’s external threats and opportunities as well as internal strengths and weaknesses. In light of this information, management and the Board participate in a fulsome discussion regarding the key components of management’s strategic view and potential changes required to reach alignment between Board and management.

ii. Draft Strategic Plan Meeting

Management prepares a “draft” strategic plan. The draft plan is sent to members of the Board in advance of the Board meeting. The Board and management work together to review the draft Plan at the meeting.

iii. Strategic Plan Approval

As a result of feedback from the Draft Strategic Plan Meeting, management revises the plan and sends to the Board the final strategic plan in advance of the Strategic Plan Approval Meeting. Once approved, management incorporates appropriate components of the plan into the annual operating and capital budgets and communicates the plan to the college community.

Performance Reporting Measures

Once the Strategic Plan is approved, management produces a set of key performance indicators (KPIs) to track performance. Management reports to the Board on an ongoing basis (at least semi-annually) on the performance of the College, whether it is achieving its targets as identified and any actions planned for areas that are not meeting expectations.

SECTION D3

Board Composition and Succession Planning

Introduction

Effective boards are composed of board members having the right combination of personal attributes and relevant skills and experience.

The Minister is responsible for appointing Directors to the Board. However, the Chair, with the support of the Board, plays a role in ensuring orderly succession of Board members by advising the Minister on the types of skills and experience required on the Board, identifying potential candidates to fill pending vacancies and providing feedback on incumbent Directors prior to expiry of their appointments, along with a recommendation on their re-appointment.

Key Considerations in Board Composition

The optimal Board composition for the College involves a consideration of the following four broad categories.

Personal Characteristics

All Directors should be committed to the College's core purpose, vision, and values and possess the following personal characteristics:

- a. integrity and accountability;
- b. demonstrated high ethical standards and integrity in personal and professional dealings, and who are willing to act on, and remain accountable for, Board decisions;
- c. informed judgment;
- d. ability to provide wise, thoughtful counsel on a broad range of governance issues;
- e. mature confidence;
- f. preference for Board and team performance over individual performance;
- g. respect for others;
- h. high performance standards;
- i. a history of achievements that reflect high standards for themselves and others;
- j. ability to commit the time required; and
- k. no real or perceived conflicts.

Specific Skills and Experience

Board members, as a group, should possess a combination of skills, experience, and social and cultural awareness relevant to the College's strategic goals and the Board's oversight responsibilities. The specific skills and experience sought may change from time to time in keeping with changes to the College's internal and external opportunities or challenges.

Board Leadership.

The GC, on an annual basis, will review the skills and experiences necessary, the outcomes of which are reflected in the skills matrix.

In order for the Board to be effective, it is important that the Board include a selection of Directors who have the necessary skills, experience and desire to fill key leadership positions on the Board including Board Chair and Committee Chairs.

Diversity

Within the context of the required Board skills, consideration is given to bringing together a diverse group of Directors with the goal of creating robust Board dynamics, fulsome Board discussions and ensuring different perspectives are brought to issues. Diversity in this context includes diversity of backgrounds, perspectives and problem-solving approaches, which reflects the diversity of BC.

Process

The Board Chair, the Governance Committee, and Directors all play key roles in identifying the needs of the Board and potential candidates to fill those needs. Throughout the process, the Board Chair plays a leadership role in liaising with the Minister on behalf of the Board.

Identifying Required Skills and Experience

In order to identify the desired skills and experience and based on an assessment of current and future needs, the GC develops and analyzes a Board Competencies Matrix to determine:

- a. the optimal attributes desired for the Board as a whole;
- b. the skills, background and experience of continuing Directors; and
- c. the “priority needs” (i.e., those attributes that should be added and/or strengthened on the Board) to be filled in the appointment of new Directors.

With the Chair, the Governance Committee leads a process to identify specific skills and experience desired in new Directors to fill upcoming vacancies.

The Ministry’s Competency Matrix form may be used as a guide by the GC in reviewing the needs of the Board and the priority needs in new Director appointments. The completed Competency Matrix may be used as a guide in identifying potential Director candidates.

Identifying Candidates

All Directors are encouraged to identify candidates who meet the desired needs as identified through the above process. The GC also searches pro-actively to identify suitable candidates.

In relation to filling vacant appointments, the Board Chair liaises with the Minister and the appropriate office within Government concerning the needs of the Board and potential Candidates.

Directors Eligible for Reappointment

In relation to any current Director that is eligible for reappointment, the Board Chair provides the Minister with an assessment of the Director's performance during the preceding term, based on the Board Chair's personal assessment and any feedback provided through a Director evaluation process (if applicable), along with a recommendation on their reappointment. The decision to re-appoint is up to the Minister.

Notification of New Appointments

At least six (6) months prior to the expiry of a Director's term, the Board, through the Chair:

- a. provides notice to the Minister (and/or appropriate office within Government) that the term of the Director is about to expire and request an appointment;
- b. provides to the Minister (and/or appropriate office within Government) a written request for a new appointment to fill such vacancy;
- c. provides the Minister (and/or appropriate office within Government) with the Board's analysis of the needs to be filled in a new Director appointment; and
- d. provides the Minister (and/or appropriate office within Government) with the names and biographical information of any individuals recommended by the Board to fill the vacancy.

Throughout the Director recruitment and appointment process, the Chair is available for consultation with the Minister with respect to the background, experience and skills required on the Board.

SECTION D4

President and CEO Performance Planning and Review Process

Introduction

The performance evaluation of the President is one of the most important responsibilities of the Board. The evaluation process provides a formal opportunity for the Board and President to have a constructive discussion regarding the performance of the College and the President's leadership of the College over the course of the academic year.

The Human Resources Committee provides a leadership role in carrying out the performance review process although the Board as a whole approves the President's performance goals. Each individual Director is expected to fully participate in providing feedback in relation to the President's performance.

Purpose

The purpose of the performance planning and review process is to:

- a. Ensure the President's annual performance goals are aligned with the College's Strategic Plan and that performance expectations are clearly understood by the President and the Board
- b. Support the President's growth and professional development
- c. Determine eligibility for merit-based salary increases
- d. Strengthen Board and President relations

Process

The Human Resources Committee, together with the Board Chair, leads the development and implementation of the President's performance planning and review process.

In November of each year, the President will prepare the performance plan (metrics and priority goals) for review by HRC. HRC will review and recommend to the Board for its approval.

In July of each year, the President will provide to the Chair a self-evaluation of performance against the performance plan. During the summer months, the and HRC Chair will obtain input from Board members as to the President's performance. The information will be consolidated and summarised and presented to the Board each September.

Following discussion with the Board, the Chair and HRC Chair will meet with the President to provide the final report and discuss overall performance. As a result of the performance review, there may be some specific items that will need to be included in the next performance plan.

Douglas College Board Governance Framework

Section D4

In addition to the annual performance review, at least every other year, a developmental process will be undertaken. The purpose of this process is to identify opportunities for personal development for the President, based on Board review of a range of competencies associated with effective leadership. A report will be presented to the Board on the results of the review. Following discussion with the Board, the Chair and HRC Chair will meet with the President to review the final report.

SECTION D5

Board Orientation and Professional Development

Introduction

The Governance Committee, with the assistance of management, ensures that there is an orientation process for new Directors.

Goals

The goals of the orientation process are to:

Ensure that each new Director fully understands the College's formal governance structure, the role of the Board, its supporting Committees, and the expectations in respect of individual performance as set out in the Director Position Description.

Help each new Director build an understanding of the College, its operations and working environment including:

- a. its strategic goals and initiatives;
- b. summary details of its principal assets, liabilities, significant commitments;
- c. its structure;
- d. summary of major stakeholders and relationships;
- e. its major risks and risk management strategy;
- f. key performance indicators;
- g. any operational or financial constraints imposed by legislation or otherwise;
- h. the Code of Conduct, including conflict of interest and confidentiality policies;

Build a link with the individuals who make up the College, including:

- a. opportunities to meet and get to know fellow Directors;
- b. opportunities to meet and get to know senior members of the management team;
- c. visits to campuses to interact with employees and students; and

Build an understanding of the College's main relationships, including those with students, faculty and other stakeholders.

Resources

Following the Orientation Presentation, new directors will be provided with a comprehensive set of resources, including:

- a. The Board Governance Framework, including directors' and officers' insurance coverage
- b. The most recent strategic plan and annual operating and capital budgets
- c. Agendas and all materials from the previous year's Board meetings
- d. Agendas and all materials from the previous year's Committee meetings for any Committee that the Director will be joining.
- e. A schedule of dates for upcoming Board meetings and Committee meetings.

Process for New Directors

Each new Director is expected to participate in an initial orientation session prior to their attendance at Board meetings.

The Governance Committee will ensure that arrangements are made for the orientation session for a new Director. The session will be scheduled as soon as possible after their appointment takes effect.

An experienced Director will be asked to function as a mentor for the new Director.

Professional Development

The Board is committed to ongoing professional development for Directors.

The Board will identify professional development opportunities for Directors to be provided throughout the year.

If a Director wishes to take advantage of a professional development opportunity not previously identified by the Board, and seeks reimbursement from the Board for expenses related to the opportunity, the Director must obtain the prior approval from the Board Chair.

SECTION D6

Board Operating Guidelines

Introduction

The Terms of Reference for the Board of Directors ([Section B3](#)) define the role of the Board at the College. The Board Operating Guidelines outlines how the Board will operate to carry out its duties of stewardship and accountability.

Best Interests of Douglas College

The Board is responsible, under law, to manage or oversee the management of the affairs and business of the College. The Board oversees the conduct of business of the College and provides strategic guidance to management, which is responsible for the day-to-day conduct of business.

Terms of Reference

Terms of Reference for the Board ([Section B3](#)), its Committees ([Section C2-C6](#)), the Board Chair ([Section B4](#)), and the President and Chief Executive Officer ([Section B5](#)) are reviewed annually GC, as part of an annual review of the Board Governance Framework.

Each Committee shall review annually its own Terms of Reference and shall forward the results of the review to the GC and for recommending any changes to the Board for approval.

Board Independence

The Board supports the concept that the Board Chair should be an OIC appointment and not an employee or student of the College. This structure allows the Board to function independently when necessary. The Board Chair's role is to manage and provide leadership to the Board as described in Section B4.

The Board will allow time for a meeting of only the Directors at the end of each Board meeting. This provides an opportunity for directors to raise any issues independently of management and scheduling this session on a regular basis ensures that such meetings are a matter of course for an independent Board and do not indicate any kind of crisis or emergency.

The Board and Board Chair Succession

The Chair's role is to manage and provide leadership to the Board as described in [Section B4](#).

The Chair is elected from among the directors for a 2-year term.

The Board plans for Chair succession by ensuring potential Chair candidates develop experience through the participation and leadership of committees and Vice Chair positions.

The process for reviewing and evaluating the performance of the Board, Board Chair, and Committees is outlined in [Section D1](#).

Election of Officers of the Board

The Chair and Vice Chair(s) are elected from among the directors as outlined in [Section D7](#).

Board Committees

The function of committees is to help the Board with a task that belongs to the Board. It is a mechanism that permits deeper examination of issues in key areas of board responsibility. The role of committees is to support, not supplant, Board responsibility.

The Board has developed a set of guidelines ([Section C1](#)) for Board committees that apply to all committees established by the Board.

The Terms of Reference for each committee are set out separately (see [Sections C2-C5](#)).

The current Committees of the Board are:

- a. Governance Committee
- b. Finance, Audit and Investment Committee
- c. Human Resources Committee
- d. Campus Planning Committee

Committee Chairs and Committee Members

Committee Chairs and members of committees are appointed by the Board.

The Board Chair, through the GC, is responsible for annually proposing the leadership and membership of each committee.

In preparing recommendations to the Board, the Chair will consult with the President and GC, and take into account the preferences, skills and experience of each director.

Douglas College Board Governance Framework

Section D6

Ad Hoc Committees/Task Forces

Ad Hoc Committees or Task Forces are Board committees but differ from other committees in that each is established for a specific period of time to undertake a specific task, and is then disbanded.

Each Ad Hoc Committee/Task Force operates according to a Board approved mandate outlining its duties and responsibilities.

General operating guidelines for Ad Hoc Committees/Task Forces can be found in Section C7 of the Governance Framework.

Board Meetings and Agenda

The Board meets a minimum of four (4) times per year or more frequently as necessary to transact the business of the Board. Each Board meeting will have an open session for the public.

The Board may also meet at the call of the Board Chair.

Board meetings may have a closed session to the public for matters such as:

- a. matters relating to the collective bargaining process or changes to the employment status of College personnel;
- b. accident claims and other matters where Board liability may arise;
- c. legal opinions respecting the liability or interest of the Board;
- d. the purchase of real property including the designation of new sites, consideration of appraisal reports, consideration of amounts claimed by owners, and determination of Board offers;
- e. the lease, sale or exchange of real property prior to finalization thereof;
- f. matters pertaining to the safety, security or protection of College property;
- g. such other matters where the Board decides that the public interest so requires, or which in the opinion of the Board are of a confidential or sensitive nature.

Board meeting agenda, with all supporting documents, will be available prior to meetings. Agenda materials for the open session will be provided to the Douglas College Faculty Association (DCFA), B.C. Government Employees' Union (BCGEU), and the Douglas Students' Union (DSU) prior to the meeting.

Voting Procedures:

- a. A majority vote is required to pass a motion; a majority is defined as more than half of the votes cast by Board members entitled and present to vote at a properly called meeting with a quorum present; a quorum is defined as more than half of the voting members of the Board; abstentions are not counted.
- b. The Chair has the same voting rights as other Board members; the Chair protects their impartial position by exercising voting rights only when their vote would affect the outcome, in which case the Chair can either vote and thereby change the result or the Chair can abstain; a final result in the form of a tie rejects a motion; in a vote by ballot, mail or email, the Chair votes with everyone else.

Douglas College Board Governance Framework

Section D6

-
- c. A Director can raise doubts about the results of a vote at any time prior to moving to the next order of business on the agenda, at which time the Chair's declaration with respect to the vote will stand as the decision of the Board.
- d. At the discretion of the Chair, one of the following voting methods will be chosen to conduct the vote:
- By general consent;
 - By show of hands;
 - By rising vote;
 - By ballot;
 - For meetings by electronic means: by alphabetical order;
 - For meetings by mail or email: In special circumstances that require voting by mail or email the principles applied to a ballot vote will apply.
- e. Anything other than "For" or "Against" will not be counted.

Directors may attend via teleconference/videoconference if they are unable to attend in-person.

SECTION D7

Election of Chair and Vice Chair of the Board

The Board shall elect one Chair and up to two Vice Chairs. Elections are typically scheduled every second year, in odd-numbered years during the June Closed Session meeting of the Board.

The term of office shall be two years, commencing on the first day of July following an election and concluding on June 30 of the subsequent odd-numbered year.

Prior to the elections, the GC shall review the Board structure and determine the appropriate number of Vice Chairs based on the College's needs. The Board shall approve the number of Vice Chairs upon the recommendation of the GC.

All OIC members whose terms of office are such that they normally have a minimum of one year remaining in their current term, and are eligible for re-appointment to the Board, on the date of assumption of office (July 1) shall be eligible for election to the roles of Chair and Vice Chair(s).

Should a College Board Officer be unable to complete their term, the member shall advise the GC in writing, in which case the Board may conduct a by-election to replace said member for the balance of their term. Protocols for by-elections shall be consistent with those for regular elections.

All appointed and elected Board members are eligible to vote in Board Chair and Vice Chair(s) elections. Ex-officio members are ineligible to vote.

SECTION D8

Management Succession Planning

Introduction

The development and execution of the management succession and development plans involves the Board, the Human Resources Committee and the President.

The management succession planning process is designed to assure the Board that, when necessary, College's key management positions can be filled by competent people. SECTION D10

Code of Conduct and Ethics

Introduction and Application

The College is committed to the highest standards of ethics and integrity. This Code of Conduct and Ethics (“Code of Conduct”) provides general guidelines intended to support ethical behaviour and decision making at the College consistent with the Crown Agencies and Board Resourcing Office’s “Standards of Ethical Conduct for Directors of Public Sector Organizations.” The Code of Conduct applies to all Board members of the College.

Compliance with Law and Ethical Standards

The Directors shall comply with all applicable provisions of laws and regulations. No one at the College shall commit or condone an illegal act or instruct another Board Director to do so. All Board members are expected to follow the spirit as well as the letter of the law. All Directors will conduct themselves in such a way as to continuously protect the College’s reputation and in particular will conduct all business on behalf of the College fairly and honestly.

Harassment

Everyone at the College has the right to a workplace free from harassment. This includes harassment based on a person’s race, colour, ancestry, religion, sex, sexual orientation, age or any other prohibited ground of discrimination. Harassment includes threats or bullying, unwanted or unnecessary physical contact, obscene jokes or other inappropriate, sexually explicit or offensive language, and excessively offensive remarks. It includes inappropriate behaviour, against another person that a reasonable person knows, or ought to know, would cause offence, humiliation, or intimidation. It includes any conduct that results in injury or threat of injury including, but not limited to, acts of aggression, verbal or written threats, or vandalism of personal property. At the College, we consider it the obligation of Board members to report any incidents of harassment they may witness or of which they become aware.

Specific Obligations

Each Director shall:

Debate and seek out alternative perspectives on all issues coming to the Board to the maximum extent possible. This should occur at all Board and Committee meetings.

Act in the interests of the organization as a whole, setting aside loyalties to other individuals, interest groups or organizations.

Douglas College Board Governance Framework

Section D10

Respect the collective authority of the Board and to recognize that individual Board members may not exercise individual authority over the organization, except as delegated by the Board as a whole.

Refrain from disclosing to any person who is not a Board Director any sensitive or confidential information concerning the clients, operations or activities of the College, and to protect such confidential information.

Commit to monitor all reporting, including financial and performance, in a manner that is more than just compliance in focus.

Balance the short-term and long-term consequences of their decisions.

Exercise independent judgement and appropriate due diligence. It is not sufficient to rely on provided information only (e.g., through forums at the College, community connections).

A Director who becomes aware of a violation or suspected violation of this code of conduct has an obligation to report the violation or suspected violation to the Board Chair.

Any Director with a concern about standards of ethical behaviour may seek guidance from the Board Chair or the President.

Oath of Office

Each Director will take an Oath of Office to be sworn or affirmed, signed, and dated before the commencement of the Director's first meeting with the Board. The EA will administer the Oath of Office.

SECTION D11

Conflict of Interest

Purpose

The purpose of this Conflict of Interest Policy is to provide direction for the Board on areas of actual, potential and perceived conflicts of interest, and to provide mechanisms to help identify, prevent and/or manage conflicts of interest that could harm the interests of the College.

Definitions

A conflict of interest arises when a Director's other interests may put into question the independence, impartiality and objectiveness that a member is obliged to exercise in the performance of their duties. A conflict of interest may be real, potential, deemed or perceived, and it may involve a financial or non-financial interest.

A conflict of interest does not exist where:

- a. The Director has or may have an interest in common with many other people;
- b. The Director has or may have an interest that is remote or insignificant.

A conflict of interest due to representation of or relation to a specific constituency may occasionally arise. In general, voting on matters which have an effect on a broad group (i.e., students, staff, faculty) by a member of that group, who is not a director, officer or member of the executive of that group, is not considered to be a conflict of interest. For purposes of clarification, student members are permitted to vote on issues related to tuition and fees.

General Guidelines for Declaring Conflict of Interest

The following examples of conflict of interest are intended to provide general guidelines for declaring conflict of interest. These examples should not necessarily be considered exhaustive. The definition of conflict described under Definitions should be applied in determining the existence of a conflict.

Conflict could reasonably be considered to exist, however, for the following identified groups in the following situations:

- a. Deliberations and decisions directly affecting a specific instructional program in which
 - Student Directors are enrolled in the program.
 - Faculty or support staff B Directors are employed in the program.
 - Directors with related persons are enrolled in or employed in the program.
- b. Deliberations and decisions related to labour negotiations and labour relations
 - For faculty and support staff Directors.

Douglas College Board Governance Framework

Section D11

-
- For Directors with related persons who hold faculty and/or support staff positions at the College.
 - For Directors with related persons who hold positions at other institutions who could be seen to gain benefit from information divulged on these matters.
- c. Deliberations and decisions related to labour disputes regarding faculty and support staff
- For faculty and support staff Directorss who have the responsibility or joint responsibility with others, to adjudicate disputes regarding faculty and support staff, represent faculty or support staff or their interests in disputes or are involved in any deliberations, decision-making, or implementation of any such decisions by or on behalf of faculty or support staff associations.
- d. Deliberations and decisions related to any matter in which the College’s interests may not be aligned with those of the faculty or staff association for Directors who hold executive positions with faculty and staff associations.

Responsibilities

It is the responsibility of a Board member to identify a conflict of interest to the Board Chair in writing, or verbally at a Board meeting if the conflict of interest arises without notice.

A Director who has a conflict of interest in relation to an issue must declare this prior to Board discussion or other consideration of that issue wherever possible.

When a Director has disclosed a conflict of interest under a or b as described above, the Board Chair must notify all other Board members of the disclosure prior to the next Board meeting, or if that is not practicable, prior to Board consideration of the matter in which the conflict of interest has been identified.

If the Board Chair or any other Board Director believes another Board member to have a conflict of interest, the Board Chair or other Board Director must identify the conflict of interest to the rest of the Board.

Where there is disagreement among Board Directors about the existence of a conflict of interest, the Board shall hold a vote to resolve the matter. With the Board Director believed to be in conflict refraining from voting, the Board shall determine by majority vote whether a conflict of interest, as outlined in the Definitions, exists. If a member is declared by majority vote to be in a conflict of interest, the member is deemed to be in a conflict of interest.

Following a disclosure of conflict of interest by a Board Director, or a finding of conflict of interest as above, the Board Director must absent themselves from the proceedings during any consideration of the matter in which the conflict of interest exists. “Consideration” includes discussion, debate and voting.
