Service Area: Mental Health

Program: Anxiety and Depression Groups - Men and Women

Position: Facilitator

Location: , Maple Ridge

Nature of Position

This temporary position provides a structured group environment where individuals living in the community with anxiety and/or depression meet to reduce social isolation, develop skills and enhance their knowledge and ability to intervene to prevent personal relapse.

Qualifications (*education and experience*)

Have a minimum two year diploma or a degree in human services/social services with a minimum 2 year direct working experience in the area of mental health. Experience in group facilitation is essential.

Required Skills (*knowledge and skills*)

The ideal candidate has a comprehensive knowledge of mental health and the ability to assess an individual's readiness for group participation. Must have experience with group facilitation with the identified population, and the ability to maintain stability in a group setting. The capacity to facilitate groups for more men and women and to respond to differing group needs is also a necessary component of this position. A knowledge of Cognitive Behavioral Therapy and the application of this approach to anxiety and depression is essential.

Successful applicant will be informed and accepting of cultural diversity and have the ability to work and support all people with dignity and respect.
