To the Board of Directors of Douglas College Foundation

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Douglas College Foundation (the "Foundation"), which comprise the statement of financial position as at March 31, 2020, and the statement of operations and changes in net assets and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly in all material respects, the financial position of the Foundation as at March 31, 2020, and its results of operations and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit organizations.

Basis for opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Foundation in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Foundation or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Foundation's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, design and perform audit procedures responsive to those risks, and obtain audit
 evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not
 detecting a material misstatement resulting from fraud is higher than for one resulting from error,
 as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override
 of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the Foundation's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Foundation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the
 disclosures, and whether the financial statements represent the underlying transactions and
 events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other legal and regulatory requirements

As required by the Societies Act of British Columbia, we report that, in our opinion, these accounting principles have been applied on a basis consistent with that of the preceding year.

Vancouver, Canada June 24, 2020

March 31, 2020

1. Nature of operations

Douglas College Foundation (the "Foundation") was established to advance education and community services and other charitable activities beneficial to Douglas College. The Foundation is incorporated pursuant to the Societies Act of British Columbia and is a registered charity under the provisions of the Income Tax Act of Canada.

Douglas College currently provides all personnel, facilities and administrative services necessary to the operation of the Foundation.

On March 11, 2020, the World Health Organization officially declared the COVID-19 outbreak a pandemic. The pandemic has forced governments to implement extraordinary measures to slow the progress of infections and to stabilize disrupted economies and financial markets. The Foundation has deployed initiatives in order to protect the health and safety of its employees while ensuring continuity of its activities. The situation is dynamic and the ultimate duration and magnitude of the impact on the economy and the Foundation's operations are not known at this time. These impacts could include potential future decreases in investments and revenue. Management is closely monitoring the evolving situation and taking measures to mitigate potential negative impacts to the Foundation. It is not possible to reliably estimate the duration and severity of the consequences of COVID-19, as well as the impact on the financial position and results of the Foundation for future periods.

2. Summary of significant accounting policies

(a) Basis of presentation

These financial statements have been prepared in accordance with Canadian accounting standards for not-for-profit organizations.

(b) Use of estimates

In conformity with Canadian accounting standards for not-for-profit organizations, management is required to make estimates and assumptions that could affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the year. Actual amounts could differ from those reported.

(c) Revenue recognition

The Foundation follows the restricted fund method of accounting for contributions. Contributions are recognized as revenue when the amount to be received can be reasonably estimated and collection is reasonably assured.

Donated equipment, material and services

Donated equipment, material and services are recorded if fair value can be reasonably estimated and when these would otherwise have been purchased.

Investment income

Income is accrued as earned and is applied to the endowment fund as either contributed principal or distributable income.

March 31, 2020

2. Summary of significant accounting policies (continued)

(c) Revenue recognition (continued)

Retained returns

Retained returns consist of realized and unrealized gains and losses on investments held for endowment funds.

(d) Fund accounting

Restricted fund amounts are presented as follows:

Endowment funds

Endowment funds are invested according to guidelines and directions established by the board of directors. Assets in the portfolio may include bonds, short-term cash instruments, Canadian and international stock, and holdings in Canadian and international equity funds. The Foundation earns income on all funds.

Distribution of contributed principal of the endowment funds is prohibited; investment income earned on these funds is distributed in accordance with the provisions of each endowment agreement.

Distributable income

Distributable income consists of interest and investment income earned on fund principal, held for distribution.

Non-endowment funds

Non-endowment funds are held pending distribution in accordance with specific directives from the donors.

(e) Cash and cash equivalents

Cash and cash equivalents consists of cash on hand and balances held with banks.

(f) Financial instruments

At each reporting date, the Foundation measures its financial assets and liabilities at cost or amortized cost, except for the Foundation's investments held in the Consolidated Trust Fund of the Vancouver Foundation, which are measured at fair value. All changes in fair value of the Foundation's investments are recorded in the statement of operations. The financial instruments measured at amortized cost are cash, interest and other receivables, and payables and accruals.

For financial assets measured at cost or amortized cost, the Foundation regularly assesses whether there are any indications of impairment. If there is an indication of impairment and the Foundation determines that there is a significant adverse change in the expected timing or amount of future cash flows from the financial asset, it recognizes an impairment loss in the statement of operations. Any reversals of previously recognized impairment losses are recognized in operations in the year the reversal occurs.

March 31, 2020

3. Contributions

(a) Pledges

As at March 31, 2020, the Foundation has pledges of \$1,431,381 (2019 - \$1,057,322). These amounts are not recorded as receivable as collection is not reasonably assured.

(b) Matching funds

To attract contributions that will benefit students and the community, the Foundation participates in a matching fund program. At March 31, 2020, the total matching funds available for future matching is \$63,769 (2019 - \$59,769).

(c) Recapitalized funds

In the current year, the maximum of 10% (\$75,890) of income earned was allocated to contributed principal and 100% (\$16,407) of the recapitalized administration fee reduction was allocated to contributed principal. In 2019, 10% (\$70,933) of income earned was allocated to contributed principal and 100% (\$16,381) of the recapitalized administration fee reduction was allocated to contributed principal.

4. Vancouver Foundation

	20)20	2019			
	Market value	Cost	Market value	Cost		
Consolidated Trust Fund Retractable (a) Non-retractable (b)	\$ 13,566,895 1,534,569	\$ 12,309,089 1,175,299	\$ 14,894,188 1,686,575	\$ 12,292,681 1,175,299		
	\$ 15,101,464	\$ 13,484,388	\$ 16,580,763	\$ 13,467,980		

- (a) On June 29, 2007, Douglas College Foundation established a retractable endowment fund with Vancouver Foundation. In accordance with the provisions of the Vancouver Foundation Act, the Consolidated Trust Fund is encroachable by Douglas College Foundation.
- (b) In 1984, Douglas College Foundation established a non-retractable endowment fund with Vancouver Foundation. In accordance with the provisions of the Vancouver Foundation Act, this amount is held permanently by Vancouver Foundation.

March 31, 2020

5. Retained returns from investments	_	2020	 2019
Realized gains Realized gain on \$4.9M withdrawn from HSBC in 2007 Realized gain from Vancouver Foundation reinvested	\$	794,830	\$ 794,830

Balance, end of year	\$	2,580,652	\$ 4,076,359

6. Related party transactions

The Foundation is related to Douglas College by virtue of the College providing administrative and staff resources to the Foundation, thus allowing donor contributions to fully support students.

The Foundation received \$1,167,009 (2019 - \$1,155,919) of contributions from Douglas College for student financial aid.

During the year, the Foundation received the following contributions which it forwarded to Douglas College as received:

- Cash and gifts in kind to be used for capital, totalling \$19,967 (2019 \$74,429).
- Cash contributions of \$34,149 (2019 \$34,192) for use by the Institute of Urban Ecology (Douglas College).

At March 31, 2020, the Foundation has a receivable from Douglas College of \$24 (2019 - \$43,264).

At March 31, 2020, the Foundation has a payable to Douglas College of \$22,798 (2019 - \$6,615). This amount is non-interest bearing with no set terms of repayment.

7. Financial instruments

The carrying amounts of financial assets measured at cost are \$5,716,040 as at March 31, 2020 (2019 - \$5,254,015).

The carrying amounts of financial assets measured at fair value are \$15,101,464 as at March 31, 2020 (2019 - \$16,580,763).

The carrying amounts of financial liabilities measured at cost are \$22,798 as at March 31, 2020 (2019 - \$6,815).

March 31, 2020

7. Financial instruments (continued)

Management believes that the Foundation is exposed to the following risks with respect to its financial instruments:

Market risk

Market risk is the potential for financial loss to the Foundation from changes in the values of its financial instruments due to changes in interest rates, equity prices, currency exchange and other price risks. The majority of investments of the Foundation are with the Vancouver Foundation, which holds a well-diversified portfolio.

Credit risk

The Foundation is exposed to the risk that a counterparty defaults or becomes insolvent. The only financial instrument that potentially subjects the Foundation to concentrations of credit risk is its interest and other receivables.

The maximum exposure to credit risk in terms of receivables is \$175,275 as of March 31, 2020 (2019 - \$217,812). Management believes that the Foundation does not have a significant credit risk on their receivables as these are mainly from the Vancouver Foundation and HSBC.

8. Disclosure required under the Societies Act

On November 28, 2016 the new British Columbia Societies Act came into force. Included in the new Act is a requirement to disclose the remuneration paid to all directors, and the ten highest paid employees and all contractors who are paid at least \$75,000 annually.

As disclosed in Note 1, the Foundation did not pay any amounts to employees, contractors or directors.
