 UCI: [Your UCI Here]      Application no.: [Your Application No. Here]

[Your Address Here] **POE LETTER**

Dear: [Your Name Here]

Your application to study or work in Canada has been approved.

Your study or work permit will be issued to you upon arrival in Canada, subject to your compliance with the requirements of the Immigration and Refugee Protection Act and its Regulations. It will allow you to study or work in Canada for a temporary period only. Read the terms and conditions carefully.

Type: Permit - SP / Permis - PE	Document no.: [Your Document No. Here]	Permit validity (YYYYMMDD): 2015/08/30
------------------------------------	---	---

You must enter Canada no later than the validity noted above. If you have been issued a visa, you must also enter no later than the visa validity date.

This letter is not a passport or travel identification, and it is not a legal authorization permitting you to enter or remain in Canada.

To facilitate your arrival in Canada, inform the officer of the reason for your visit (study or work) and present this letter with your passport. United States citizens entering Canada from the U.S. may show proof of citizenship (a birth certificate or a naturalization certificate, and photo identification) instead of a passport. United States permanent residents entering Canada from the U.S. may show their "green card" instead of a passport and photo identification. Your passport or U.S. travel identification must be valid, and must be valid beyond the period you intend to remain in Canada. If it is not, the validity of your study or work permit will likely be limited to correspond to the validity date of your passport or U.S. travel identification.
