

Douglas College COVID-19 Safety Plan – Addendum Nov.9, 2020

Protocols for Safe Campus Operations

Temporary in-person service suspension

In support of the [Provincial Health Officer's updated mandate](#) to reduce COVID-19 transmission, all in-person campus services and non-academic activities are suspended until Nov. 23 or further notice.

This includes counselling, academic advising, career coaching, Douglas College International services, Sports Institute and recreation activities, and any other in-person events or services. As of November 10, food services will not be available at either campus and the fitness center will be closed during this period.

In-person student labs and other in-person scheduled academic activities will continue unless otherwise notified by instructors.

Campuses remain open; however, students are encouraged to study remotely as much as possible.

Temporary Protocol for Accessing Campuses Safely

To comply with the Public Health Officer's [orders](#) of November 7, 2020 all persons attending the campus must answer the following yes/no questions prior to entering:

1. Are you experiencing any of the following new on set symptoms?

Fever	Fatigue
New or worsening cough	Muscle aches
Stuffy or runny nose	Loss of appetite
Sore throat/painful swallowing	Chills
Difficulty breathing	Headache
Diarrhea	Loss of sense of smell
Nausea and/or vomiting	

2. Have you traveled outside of Canada - including the United States within the last 14 days?

3. Have you been in close contact with someone who has a confirmed COVID-19 diagnosis within the last 14 days?

4. Have you been told to self-isolate in accordance with Public Health directives?

If an individual answers yes to any question (including having just one symptom in Question 1) or refuses to answer, they will be deemed to have not passed the screening and will not be permitted to enter the campus.

This protocol will remain in place until at least November 23, or until further notice.
