

Hello Douglas College,

My name is Joshua Venti, and I am proud to be running for the Education Council elections because I want to contribute to my college and bring changes to meet the needs of the students. I believe students should have a representative that advocates on issues, brings strong representation, and is engaging, learning, and listening to the student body.

I have been a student at Douglas for approximately 3 years, currently studying criminology to achieve my bachelor in arts, and I hope to pursue my juris doctor law afterwards. I believe that being a member of the Education Council will help me bring awareness and promote student engagement. I feel like approaching this term with an open door policy where students can share their ideas, their concerns, and any feedback that can improve their college life. Students should know that their opinions can make the campus services, campus resources, the academics, and the environment of the college better. I feel like bringing transparency in the student's perspective matters most to me.

I want to use this as an opportunity to dedicate my spare time to meaningful change and a commitment to representing the students. Making problems shared and addressed is my priority in advocating for the student body. It is important to me that students have a voice and I want to contribute to that in the best interest of the college.

I want to thank you for your consideration and I appreciate your vote for me.

A handwritten signature in cursive script that reads "Joshua Venti". The signature is written in black ink and is positioned in the lower-left quadrant of the page.
