

Student Portal: Requesting Alternate Format Materials

What is the Student Portal?

The student portal is a secure web tool that allows students to request and view accommodation letters for courses that they are registered in each semester through an internet browser. The student portal will also allow students to notify Accessibility Services of upcoming tests, quizzes or exams so that a space may be made available for them to write in our Testing Centre.

Why is there a shift to an online presence?

The use of online tools is designed to promote accessibility, ease of use, flexibility and independence, and better management of accommodations for students and instructors.

Being able to access information through a portal allows both students and instructors easier access to information independent of the Accessibility Services department. Students are able to select specific accommodations based from their Accommodation Plan, request their own accommodation letter(s), and arrange test and exam bookings (for courses delivered in person).

Is the Portal secure?

The Portal uses the same CNA sign in credentials as the rest of the College web tools and all data is stored on Douglas College servers.

Who can use the Portal?

Students who have received services from Accessibility Services for more than one semester and who have maintain consistency in their accommodations are able to use the Portal. The Portal would not be appropriate for students receiving temporary accommodations or whose accommodations vary frequently.

Will it be easy to use?

As with any new tool, there may be a period of adjustment. However, the interface is basic, intuitive and well laid out. The rest of this document is designed to help you learn the basics of the system and is divided into two sections (click on a section to navigate there):

1) Signing in

2) Alternate Format Screen

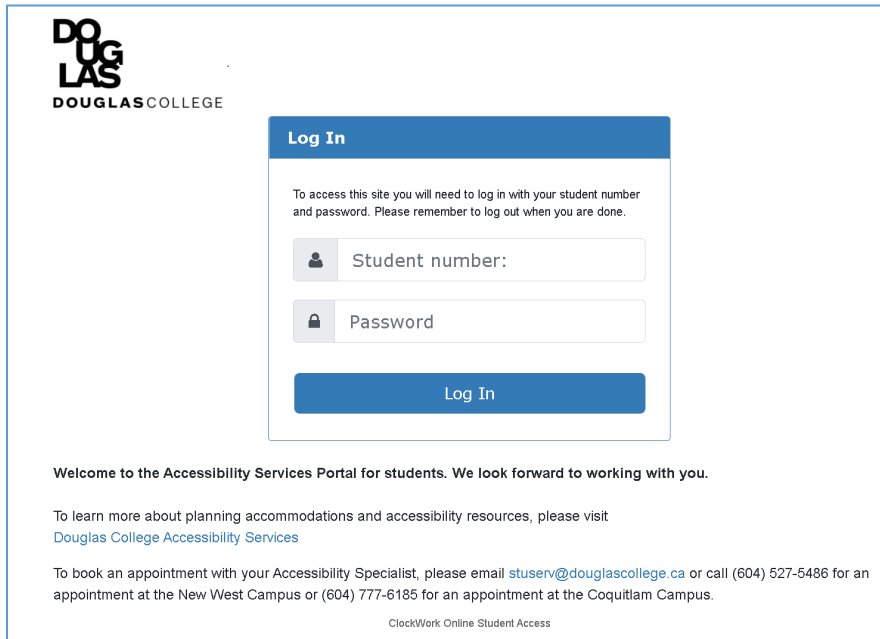

3) Request Alternate Format Materials

4) Checking Requests

In addition to this Student Guide, a [YouTube playlist](#) has been created that contains a series of instructional videos to provide additional assistance on using the Student Portal.

Signing In

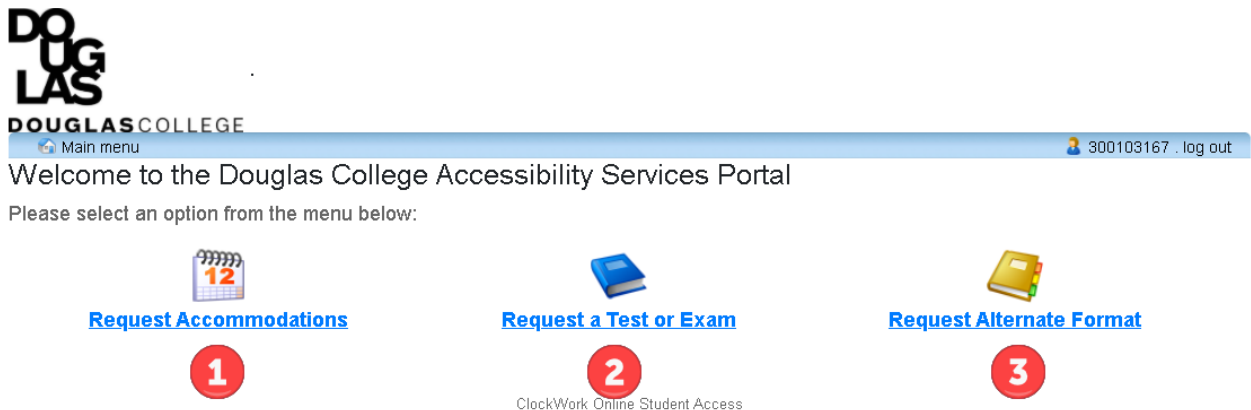

You may sign in to the Portal from any browser using your Douglas College credentials which include your student number and your CAN password. It is highly recommended that you use a secure internet connection over a private network rather than from a shared computer over a public network (e.g. Starbucks). Navigate to this [link](#) to access the sign in page.

The screenshot shows the login interface for the Douglas College Accessibility Services Portal. At the top left is the Douglas College logo. The main heading is "Log In". Below this, a message states: "To access this site you will need to log in with your student number and password. Please remember to log out when you are done." There are two input fields: "Student number:" with a person icon and "Password" with a lock icon. A blue "Log In" button is positioned below the fields. At the bottom, a welcome message reads: "Welcome to the Accessibility Services Portal for students. We look forward to working with you." Below this, there are two links: "To learn more about planning accommodations and accessibility resources, please visit [Douglas College Accessibility Services](#)" and "To book an appointment with your Accessibility Specialist, please email stuserv@douglascollege.ca or call (604) 627-5486 for an appointment at the New West Campus or (604) 777-6185 for an appointment at the Coquitlam Campus." The footer text is "ClockWork Online Student Access".

Log in using your Douglas CNA credentials (student number and password).

Once logged in, you will be presented with the Main Menu which allows you to access three different services as shown in the screenshot below:

The screenshot shows the main menu of the Douglas College Accessibility Services Portal. At the top left is the Douglas College logo. Below it is a "Main menu" link. In the top right corner, a user is logged in as "300103167 . log out". The main heading is "Welcome to the Douglas College Accessibility Services Portal". Below this, a message says: "Please select an option from the menu below:". There are three service options, each with an icon, a link, and a red circle with a number: 1. "Request Accommodations" with a calendar icon. 2. "Request a Test or Exam" with a book icon. 3. "Request Alternate Format" with a folder icon. The footer text is "ClockWork Online Student Access".

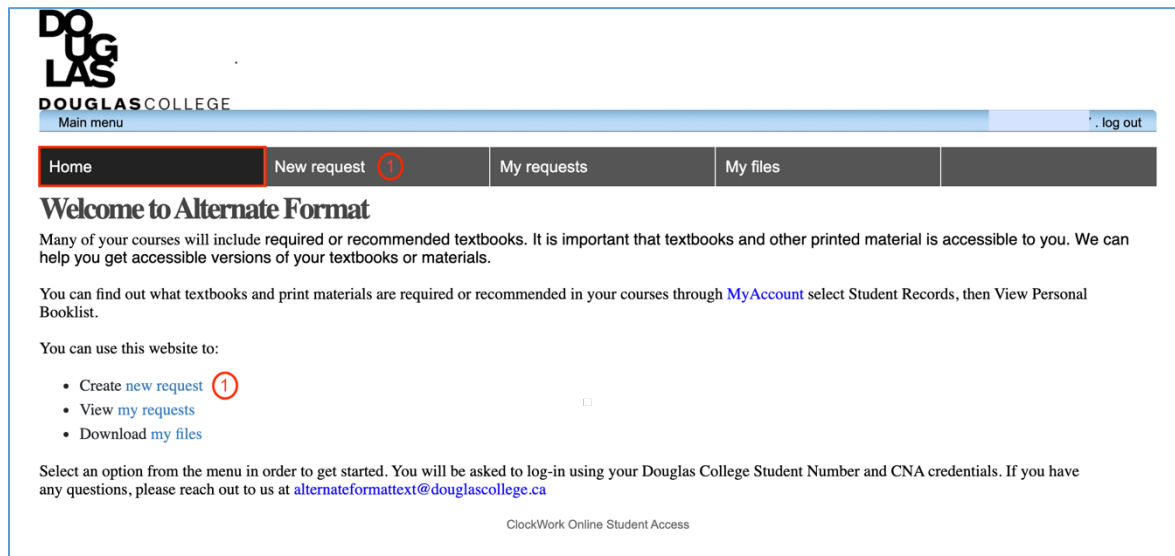

The three services that can be accessed through the Student Portal are:

- 1) Request Accommodations – students can now have their accommodation memos sent out without the need to book an appointment with their Accessibility Specialist *if no additions or changes are required on their accommodation plan*. Additionally, students can select which accommodations are required for each course so that they are in line with course objectives and the way the course is taught and/or assessed. Students can also request additional accommodations not listed on their accommodation plan or to change or remove existing accommodations from an accommodation plan in which case the Accommodation Memo will not be sent immediately. The student's Accessibility Specialist will be notified electronically and they will be in touch with you to discuss the request(s).
- 2) Schedule a test or exam – students who wish to write tests or exams in our Testing Centre should inform Accessibility Services of upcoming tests or exams so that a writing space may be scheduled for them. A separate guide has been created to cover this process more thoroughly.

COVID-19 alert: during this period in which most courses are taught off campus virtually, our Testing Centre will not be operating as usual. For health and safety reasons, we will only be facilitating students who are currently taking courses on campus. Students who are taking their course(s) either partially or wholly on campus will be provided space to write in the Testing Centre. For students who may be experiencing difficulties with writing online or who have extenuating circumstances in which it would be largely beneficial to write in our Testing Centre, please contact your Accessibility Specialist.

- 3) Request Alternate Format materials for your course(s) – students who require accessible materials in order to engage in their course work will have been provided with Alternate Format Text accommodations. This tool will allow you to request and manage your requests

Requesting Alternate Format

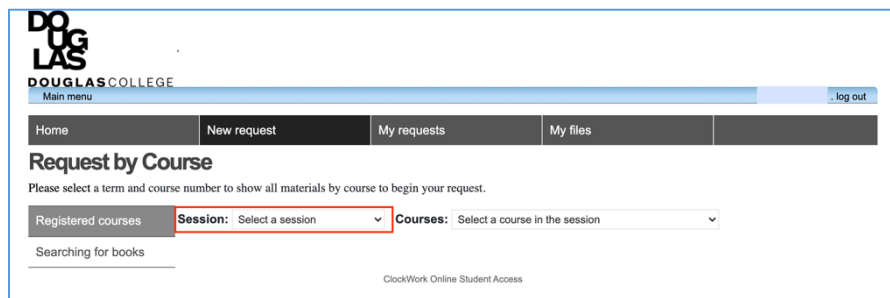

After clicking on the Request Alternate Format icon on the Main Menu, you will arrive on the **Alternate Format** home page shown below as indicated by the darkened tab labelled “Home” (outlined in red on this document only).

There are four tab items in the tool bar: Home, New request, My requests, and My files¹. To create a new request, either click on the “New Request” tab in the tool bar or the linked text on the page (1).

Making a Request

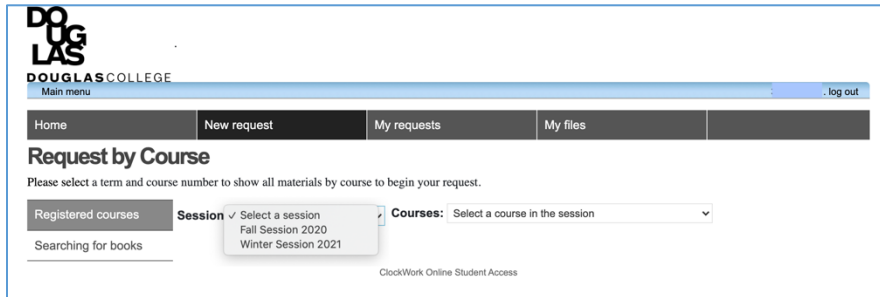

There are two ways to search for course materials:

1) By course

¹ Currently, “My files” is not being used. Requested materials will be sent through CAPER via a download link in an email.

- a. You will be prompted to enter the session (semester) of the course(s) that you would like course material for

Searching for books

ClockWork Online Student Access

- e. In this example, no materials were found for the requested course. In this case, you will need to search for course materials using the second method which is by book title or ISBN number.

2) By book title or ISBN number

The screenshot shows the Douglas College website's search interface. At the top, there's a navigation bar with "Home", "New request", "My requests", and "My files". Below this is a "Request by Searching" section with instructions. A search bar is highlighted with a red box, containing the text "Search content by title or ISBN". To the left of the search bar is a "Registered courses" dropdown menu, and below it is a "Searching for books" button. The footer mentions "ClockWork Online Student Access".

- Begin the search by book title by clicking on the grey shaded box labelled "Searching for books". Type the name of your book title or the ISBN number in the text field outlined in red.
- Based on the results that are shown, click the '+' icon next to the item that matches your request. Your requested item will now appear in your cart on the right hand side of the screen.

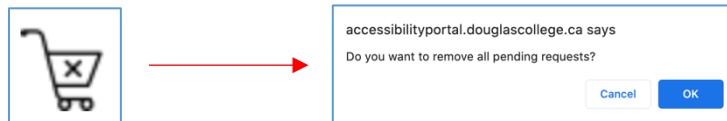

The screenshot shows the search results page. On the left, under "Results:", there are three book entries: "Trickster Drift" (ISBN: 978-0-7352-7345-0), "Son of a Trickster" (ISBN: 978-0-3458-1079-3), and "Monkey Beach" (ISBN: 978-0-3073-6393-0). Each entry has a "+" icon next to it. On the right, under "Pending requests:", there is one book entry: "Trickster Drift (2018)" (ISBN: 978-0-7352-7345-0). This entry has a "-" icon next to it. A red box highlights the "+" icon for "Trickster Drift" in the results, and an arrow points from it to the "+" icon in the pending requests section.

- To remove any item, click on the '-' icon next to the item. You will be prompted with a warning asking for confirmation of this action.

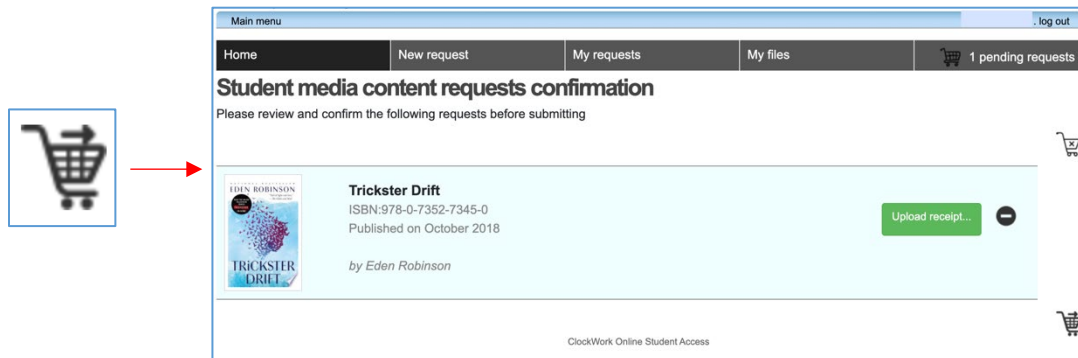

The diagram illustrates the removal process. On the left, there is a button with a "-" icon. A red arrow points from this button to a confirmation dialog box. The dialog box contains the text "accessibilityportal.douglascollege.ca says" and "Are you sure you want to cancel this request?". At the bottom of the dialog box are two buttons: "Cancel" and "OK".

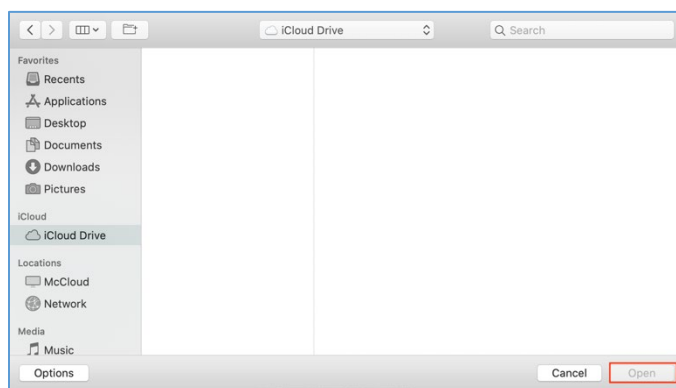

- d. To remove all items, click on the shopping cart icon with the 'x' inside the cart. You will be prompted with a warning asking for confirmation of this action.

- e. To check out all items, click on the shopping cart icon with the right arrow above the cart.

This will bring you to the requests confirmation page where you will be asked to upload a receipt demonstrating the purchase of the requested material. Upload a receipt by clicking on the green button marked "Upload receipt". A file management window will open on your computer. This step may look different than the screenshot depending on the computer system that you are using. Navigate to the location of either your digital receipt or the scanned image of your paper receipt and click on the file. Click the "Open" button on the bottom of the file window.

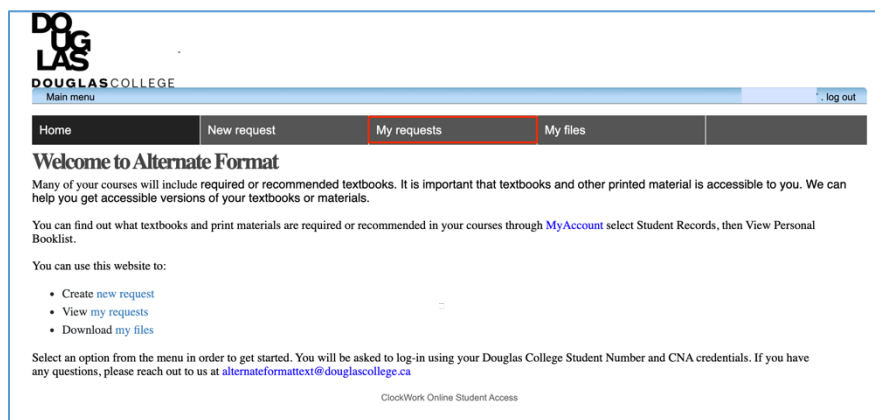

You will receive a notification confirming that your request has been successfully submitted. Once your request has been processed, you will receive an email instructing you on how to download your material(s).

Request Status

You can check the status of your alternate format requests at any time by clicking the “My Requests” tab on the Alternate Format home page.

Ensure that you have selected the appropriate semester. The “My requests” screen will list all of the materials that were requested for any given semester.

My Requests

Please select a term to display all of your previous requests and status of each request.

Session: Winter Session 2021

Trickster Drift (978-0-7352-7345-0)
