

Workplace Essential Skills Assessment (WESA)

“Using data to better understand and guide learners”

WESA is an easy-to-use online Essential Skills assessment created to:

- predict training and workplace success
- identify skills to build on
- upgrade skills and improve workplace literacy
- measure skill gain through pre- and post-testing

WESA:

- ✓ accurately assesses Reading, Numeracy, Writing, Digital Skills and Listening Skills
- ✓ each assessment begins with a six-question pretest (except Digital Skills) to stream the appropriate level of questions used in the assessment based on validated algorithms.
- ✓ Identifies the skills learners have and the skills to build
- ✓ produces tailored results reports and learning plans for each test taker
- ✓ the assessment can be administered by skill to allow for breaks and to alleviate test fatigue
- ✓ provides immediate scoring using the International Adult Literacy Survey (IALS) 500 point framework and Employment and Social Development Canada’s 1-5 scale
- ✓ can be accessed using any device including smart phone, tablet, or computer and on any browser (e.g. Chrome) and does not require any special downloads
