	Course Objectives / Learning Outcomes					
	Upon successful completion of this course, the student will be able to:					
	1. Practice self-assessment of Classroom and Community Support knowledge, attitudes, values and					
	skills					
	Reflects on own knowledge	attitudes, values and skills				
		dence to program themes and course learning outcomes				
	Identifies resources for feed					
		and plan to bridge gaps and improve abilities				
	 Seeks out new learning reso 					
	8					
		ng and problem solving across multiple contexts				
		ritical thinking strategies to link learning to a variety of				
	assessment situations					
		y arise, seeking assistance when necessary				
	3. Communicate clearly in a variety of	-				
	· · · ·	erson and by distance (phone, online)				
	Writes clearly with sufficient	nt depth and breadth, especially through online technologies				
	4. Use a variety of computer related te	chnologies effectively				
	• Works comfortably in the V	VebCT online environment				
		nication such as e-mail, phone and web cameras				
		as guide the design and delivery of this course:				
		eory to practice, critical thinking and problem solving are				
	, 8	ractice in the fields of education support and community living				
	• • • • •	inicate clearly and effectively in a variety of modalities that				
	include technology	inicate clearly and effectively in a variety of modalities that				
		n diala di mana di diana di diana di D.C. Ana ama Readian				
		entialed community living practitioners in BC. As accreditation				
		rs are looking to receive acknowledgement of their work/life				
	· ·	learning assessment and recognition becoming a significant				
	component of Classroom and Comm	unity Support programs.
