	2. Learn about the different types of reflective writing used in field work				
	V. Demonstrate knowledge of self-awareness in professional practice				
	1. Write about self-awareness in wellness plan				
	2. Apply knowledge of self to professional role.				
N:					
	• Maintenance of personal wellness is an essential component of the human services				
	practitioner				
	• One's personal state of wellness (or lack of) influences one's ability to deliver services to				
	others				
	• Wellness is a choice, involving self-awareness, values clarification and self-responsibility				
	 Wellness includes team building and decision-making 				
	 One builds a sense of wellness from personal experience and an integration of the 				
	theories of wellness into one's professional role				
	 Ongoing practice of wellness can prevent "burn-out" in the human services profession. 				
0.	Methods of Instruction				
0:	Lecture				
	Group work Experiential classroom activities				
	1				
	Student presentations Guest speakers				
	Audio-visual presentations
