M: Course Objectives / Learning Outcomes

Upon successful completion of this course, the student will be able to:

- 1. Demonstrate a comprehensive understanding of historical and contemporary constructs of disability.**
- 2. Demonstrate a broad understanding of the etiology and characteristics of several developmental disabilities, e.g., Autism Spectrum Disorder, Down Syndrome, Fetal Alcohol Spectrum Disorder, etc.**
- 3. Identify and assess the relevant provincial, federal, and international social policy as it relates to current and past disability policy.**
- 4. Demonstrate an understanding of disability as a subject of human rights.**

N: Course Content:

- **General overview of disability frameworks and models**
- **Develop a conceptual understanding of the various meanings and perspectives of disability, e.g.:**
 - Medical model and rehabilitation
 - Social model
 - Charity model
 - Social justice and civil rights model
 - Analyze the strengths and weaknesses of these models
- **Develop an awareness of the historical and cultural constructs of disability**
- **Using various theories as a lens to understand disability:**
 - Examine the history of oppression and politics of prejudice as it relates to disability
 - Consider disability movements, independent living and disability rights
 - Consider Disability, Autistic/Apsie and Deaf cultures
- **Overview of intellectual and developmental disabilities**
- **Overview of incidence, prevalence, etiology and characteristics including:**
 - Identify the risk factors, diagnosis, prognosis and symptoms of the disability
 - Identify the genetic markers of the disability
 - Identify current medical and educational interventions
 - Identify the impact on daily living
 - Identify supports and support systems
 - Explore the ethical considerations of the triple screening, and genetic testing
- **Examine social and international policy as it relates to disability**
- **Examine disability as a human rights issue**

O: Methods of Instruction:

- **Lecture**
- **Case study**
- **In class presentations**
- **Guest speakers**
- **Video/DVD**

P:	Textbooks and Materials to be Purchased by Students: Brown, I., Percy, M., (2007) <i>A Comprehensive Guide to Intellectual and Developmental Disabilities</i>, Baltimore, Maryland, Paul H. Brookes. Course Pack or TBA
Q:	Means of Assessment: This course will conform to Douglas College policy regarding the number and weighting of evaluations. Typical means of evaluation would include a combination of: <ul style="list-style-type: none">• Research paper• Class presentation• Literature reviews• Case Study/critiques
R:	Prior Learning Assessment and Recognition: This course is open to PLAR
