

M: Course Objectives / Learning Outcomes :

At the conclusion of the course the student will be able to:

1. Discuss how gender shapes our lives; individually, interpersonally, and culturally.
2. Discuss the socialization process of males and females.
3. Discuss culturally diverse views of gender.
4. Describe the role of verbal and non-verbal cues in gender-related differences.
5. Describe how language and social institutions frame the way people speak and think.
6. Describe biological and social influences on gender.
7. Describe the social context of aging.
8. Discuss what is meant by and the process of “becoming a gender specific person”.
9. Discuss the differentiated meaning, between males and females, of sex, love, and romance.
10. Critically assess the politics of the workplace and the role of the media in relation to gender issues.
11. Challenge the “old” ways of thinking and looking at gender differences.
