## M: Course Objectives / Learning Outcomes

Upon completion of the course, the successful student should be able to:

- 1. Learn and demonstrate safe working procedures when using equipment, tools and materials common to the properties shop.
- Learn and demonstrate research skills and techniques for specific properties with an emphasis on nontraditional sources.
- 3. Learn and demonstrate a variety of properties construction techniques.
- 4. Have a basic understanding of the role and responsibilities of the properties head.
- 5. Have a basic understanding of properties for film/tv, unions and associations.

## **N:** Course Content:

- 1. Properties research and sourcing through library and other resources such as retail and wholesale suppliers and custom fabricators.
- 2. Role and responsibilities of the properties head including script analysis and breakdown, cost estimation, crew scheduling and supervision, safety, records and accounting.
- 3. Specialty construction techniques including materials and procedures for hand, dress, and trim properties.
- 4. Related topics including the props person's role in the film/tv industry set decorator, props department, props buyer, unions and associations.

## **O:** Methods of Instruction

Students will receive 1 to 1½ hours of lecture/demonstration followed by 2½ to 3 hours of studio per week that includes independent work and one-on-one instruction.

**P:** Textbooks and Materials to be Purchased by Students

A list of recommended textbooks and materials is provided on the Instructor's Course Outline, which is available to students at the beginning of each semester.

Example: Gillette, Michael. Theatrical Design and Production. 3rd ed. Toronto: Mayfield Publishing, 1997

0:	Means	ωf	Assessment
